

## **JNP Revised Health & Safety Procedures effective September 7, 2021**

August 24, 2021

Dear Families,

Please read the below changes to our policies and procedures regarding the termination of the state of emergency by the governor. The following will go into effect on Tuesday June 15, 2021. Please read, sign and return this form to accept our revised policies by June 15, 2021.

- **Daily Health Check-**
  - I agree to do a daily health check of my child prior to coming to school to ensure my child is fever free (under 100 degrees), does not have an uncontrollable runny nose or excessive cough, diarrhea or the inability to participate without teacher assistance and is not exhibiting Covid symptoms.
  - This will be done on an honor system, no paper/electronic screening forms are required.
- **Face Coverings-**
  - My child will wear a mask while inside at JNP effective September 7, 2021.
  - All visitors, parents and adults must wear masks in the school.
  - During peak cold/flu season, if we are not requiring masks, we may still ask your child to cover up if they present with cold symptoms such as sneezing and runny nose.
  - We ask that unvaccinated adults maintain 6’Ft of distance from staff and wear a mask.
- **Covid cases-** If there is a case of Covid in my household I will adhere to CDC & DPH guidelines. Molecular PCR tests will be accepted for symptomatic individuals. In the case of an exposure, a regular PCR test will be needed.
- **Covid Spikes-** If there is a surge in Covid cases and the state re-issues guidelines we will follow as directed by JNP and/or EEC.

- **Pick-up and Drop off Procedures-**

- JNP will continue to have all family's drop-off from their cars in the loop. Half day parents will continue to pick up from their cars in the loop. This may be reviewed at a later date.
- For afternoon staffing purposes, Full day families picking up after 3:00PM will be re-issued their original door codes and should park in the second stalls in the lot and come pick up their children outside or inside depending on weather.
- Parents coming into the school should use hand sanitizer upon entering which is located on the shelf to the right.

- **Illness at school-** If children present with symptoms on the Covid symptom list such as cough or fever during the day, they will be removed from the classroom and parents will be contacted to pick them up to be screened for Covid-19.

- **Handwashing-** Children will continue to wash hands upon arrival into the school.

- **Visitors-** will be allowed in the school on a limited and as needed basis, unvaccinated persons will be asked to wear masks.

We hope that by maintaining these revised procedures we will be able to remain safe, healthy and open!

I have read and agree to the above changes to JNP's Health Care Policies.
