

Remind 101 App: Text Notification Permission Form

I, _____, parent/guardian of _____, give my permission to allow JNP to send text message reminders to my cell phone. I also understand that the cell phone number that appears has been generated by Remind and is not the personal cell phone of any JNP staff. You will not be able to respond to the text notification. If you have any questions they will need to be addressed to JNP by email, phone or in person. This app will be used to notify parents of unforeseen school closures and special JNP Events that need reminders.
